The 3 main characters

Everett is the most intelligent in the group, he will prepare a plan but it does not always work.

He escaped to find his wife and to prevent her from marrying again. He is accompanied by Pete and Delmar, he lied to them all.

Pete is stupid, he has escaped two weeks before his release. He thinks little.

Helpful vocabulary :

escape = s'échapper

prevent her from = l'empêcher de

lie = mentir

release = libération

The main characters.

The three main characters are Ulysses, Pete and Delmar.

They are looking for a treasure that does not even exist, they just want Ulysses to recover his treasure.

They get along pretty well, but often yell at each other. They love money, women, and Ulysses loves his hair.

When they face an enemy, they sometimes run away and insult each other. They often help each other to get rid of the enemy (the police in Pete's cousin house, they save Tommy from the KKK).

We liked the film because it is funny and crazy.

Helpful vocabulary :

looking for = chercher

get along pretty well = assez bien s'entendre

yell at each other = crier après les autres

get rid of = se débarrasser de
