Article :

We saw a play at school La Platière on the 17th of October 2011. The name of this play is Granny Smith .

The actress wears half a mask which allows to see the features of the bottom of the face .

She also wears old-fashioned clothes .

The scene took place in Granny Smith's house. Our friends took part in the play (they helped Granny Smith to make an apple crumble)

Opinion :

Mohammad : I expected the play to be funny.

The scenery was made of material and cardboard. The props were beautiful.

The play is good. The apple crumble looked very delicious.

Our opinion about the play Granny Smith.

The scene took place in Granny Smith's home.

The show took place on the seventeenth of October.

The show was about the day of a granny. Granny Smith is very active. She plays badminton, tennis, rugby and karate. She made an apple crumble and English tea with some spectators. Three students diced apples, one read the recipe and two cut the apples and the butter.

We thought the show was funny but it got a bit boring later.

Granny Smith

The show « Granny Smith » took place at « College La Platière ». The name of the actress is Tracey. She is very friendly.

She made an apple crumble, and we mixed the ingredients (butter, sugar and flour), we washed, cored and diced 3 apples. Afterwards she made some tea with a little bit of milk. I liked the show, because it was interesting, funny and I understood easily. People who participated in the show have drunk the tea with the actress at the end.
